Ideal for hearing in noisy environments

Encore® Series

Top-of-the-Line Headband Style for Universal Fit

Encore Monaural

Encore NC Binaural

Encore Series Headsets

Call center professionals love the way the Encore headset embraces a new generation of headset technologies: human-factors engineering for near universal fit, lightweight design for all-day comfort, and the SES® (Sound Enhancement System) tone control switch, which lets you choose bass and treble settings.

- Ultra-comfortable, top-of-the-line headband design fits almost everyone
- Adjustable click-stop turret and headband maintain the right fit
- Binaural model features yokeless single-cable design

Encore Monaural
Crystal-clear sound quality and all-day comfort

TriStar®

TriStar

The Lightest, Most Stable Over-the-Ear Headset

TriStar Headsets

For those business professionals who require comfort and stability in an over-the-ear design that doesn't mess up your hair, the TriStar headset is the solution. Its lightweight, three-point design ensures that it will be comfortable and stable on your ear. It's even sleek enough to fit most eyeglass wearers.

- Top of-the-line, most stable over-the-ear design
- Four user-selectable earbud sizes and adjustable receiver arm for a perfect fit
- Can be worn on either ear

TriStar
Fits most everyone
comfortably, even
eyeglass wearers

Mirage®

Mirage

Over-the-Ear Comfort with Concert Hall Acoustics

Mirage Headsets

No headband, no eartip, no hands, no hassle. The Mirage headset's lightweight, ergonomic design provides hands-free freedom and excellent acoustical clarity. With its over-the-ear fit and receiver that rests gently against the ear, you'll quickly forget you're wearing it.

- Best-selling over-the-ear-design
- Receiver rotates and rests gently against the ear
- Can be worn on either ear

Mirage
So comfortable,
you will forget
you're wearing it
